COMMISSIONERS' REPORT

In accordance with the Public Statutes of the State of New Hampshire the Commissioners of Carroll County submit their annual report together with the report of the Superintendent of the County Farm and of the various other County Officers.

Carroll County experienced a normal year in comparison with some of her sister counties, suffering a little setback due to the present wage situation. This, coupled with a rise in relief, though slight, must carry on until the economic picture changes all over the east.

It is known that all types of relief, except Direct Relief, are governed by laws vested in the State Department of Welfare whose cost of administration last year, aside from relief granted, reached the alarming amount of approximately one-quarter million dollars. This is a serious situation and needs careful scrutiny by the Legislature of 1948 and 1949.

There were, January 1st, 1948, sixteen dependent children on our rolls, most of them being cared for in foster homes, against thirteen as of January 1st, 1947. High wages that have been paid over a period of years show signs of tapering off and many are being forced to apply for direct aid.

Court expenses fluctuate and naturally fall under needs of Court Administration.

Our County Home has been creditably maintained under the capable administration of Superintendent Charles A. Severance and our Matron, Mrs. Charles A. Severance.

There has been a consistent improvement in the buildings, outside and in. Bathroom facilities in the

men's ward have been overhauled and new linoleums laid on four bathroom floors. Deep freeze refrigeration has been added which assures conservation of food and the kitchen has been equipped with heavy cooking utensils of a durable type which should relieve the necessity of replacement over a period of years.

A coat of white paint has been applied to the main building which dresses up our Home, giving it a well-kept appearance.

Our jail has had a new set of automatic locks installed on the main door and those on the cell blocks all repaired. Contrary to the criticism spread in certain newspapers our Home is kept immaculate as well as the jail. The jail is heated from the central heating plant. Those detained there receive the same food that is served on the regular dining table. These features do not add to excessive cost, and the persons held there, mostly under some misdemeanor charge, are spared the danger of being in contact with hardened criminals. Serious consideration, based solely on probationary principles, should be given to the possibility of moving our young men to some, more centralized, jail.

Our herd of milch cows, one of the county's real assets, is being carefully brought up to standard by replacing the condemned cows with young Bangs-free stock, the delegation permitting the money received from condemnation procedure to be used for this purpose. Many factors enter into maintaining a Bangs-free herd and Mr. Severance has handled this matter in a creditable manner.

Shortage of water last summer affected the Home so that emergency measures were taken by your Commissioners to relieve the trouble. This will need further consideration.

The delegation accepted recommendations to replace the inadequate and worn out system of filing in the office of Registry of Probate with a steel filing cabinet system. This will eliminate the necessity of handling which has injured many valuable record cards.

Much publicity has been given to Registry of Deeds offices in the counties. Your delegation accepted the recommendation to install a photostatic machine which eliminates completely the element of human error in reproducing documents of all types. The system will be used by Register of Deeds, Register of Probate, Clerk of the Court, Sheriff's department and will be available to towns, bankers, lawyers and all who are interested in photostatic copies of valuable papers in this northern area. The machine will be installed about July 1st, 1948.

Two deputy sheriffs' cars have been equipped with radio service for inter-communication anywhere in point of service.

The gutters on the Court House will be replaced with new copper flashing to eliminate the ice building up each winter. It is a dangerous situation and, in time, would result in serious damage to the building.

The above four items were voted out of surplus and will not add to the county tax. The increase in the tax this year is due to increased costs in labor and materials.

A card system has been installed in the Commissioners' office to make available a monthly record of expenditures against appropriations to endeavor to keep within the budget limits. This will be available for the quarterly auditors' examination now required by law.

The Farm revenue was \$7,162.80 in board and products sold which is a creditable showing. Be-

low is listed the produce raised on the Farm. It was stored in suitable bins, deep freeze and in jars for the Farm use.

Gentlemen:

In accordance with the provisions of Chapter 82, Section 27, of the Revised Laws, the biennial audit and examination of the accounts of Carroll County has been made by this Division. The report is made up in three sections as follows:

Section I—Fiscal Year Ended December 31, 1945
Section II—Fiscal Year Ended December 31, 1946
Section III—Statistical Tables Covering Ten-Year
Period

SCOPE OF AUDIT

Included in the audit and examination were the accounts and records of the Board of County Commissioners, County Treasurer, Clerk of the Superior Court and the Superintendent of the County Home.

FINANCIAL REPORTS

Comparative Balance Sheets: (Exhibits A and I)

Comparative Balance Sheets for the fiscal years ended December 31, 1944-1945, and December 31, 1945-1946, are presented in Exhibits A and I, respectively. As indicated therein the Surplus decreased \$3,524.88 during 1945 and increased \$9,002.22 in 1946.

Reconciliation of Change in Financial Condition:

Fiscal Year Ended December 31, 1945 (Exhibit D)

Fiscal Year Ended December 31, 1946 (Exhibit L)

Statements presenting an analysis of the factors which affected the change in financial condition of the County during the fiscal years ended December 31, 1945, and December 31, 1946, are included in Exhibits D and L, respectively.

The decrease in Surplus during 1945 amounted to \$3,524.88. The factors which caused this were as follows:

Decreases of Surplus

Cash Surplus Used to Reduce

Amount of 1945 County Tax \$12,536 72

Decrease in Accounts Receivable 142 40

 \$12,679 12

Net Budget Surplus \$4,154 24

Bonds Retired 5,000 00

 9,154 24
Net Decrease

 \$3,524 88

In 1946 the increase in Surplus, amounting to \$9,002.22, was brought about as follows:

Increases of Surplus

Net Budget Surplus \$3,742 22

Bonds Retired 5,000 00

Increase in Accounts Receivable 260 00

Net Increase

 \$9,002 22
Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues:

Fiscal Year Ended December 31, 1945 (Exhibits B & C)

Fiscal Year Ended December 31, 1946 (Exhibits J & K)

In the fiscal year ended December 31, 1945, a net revenue surplus of \$4,526.22, less a net overdraft of appropriations of \$371.98, resulted in a net budget surplus of \$4,154.24.

A net revenue surplus of \$1,834.77, plus a net unexpended balance of appropriations of \$1,907.45, resulted in a net budget surplus of \$3,742.22 in 1946.

Summaries of Receipts and Expenditures:

Fiscal Year Ended December 31, 1945 (Exhibit E)

Fiscal Year Ended December 31, 1946 (Exhibit M)

Summaries of the receipts and expenditures of the County, made up in accordance with the uniform classification of accounts, for the fiscal years ended December 31, 1945 and 1946, are presented in Exhibits E and M, respectively.

Statement of Bonded Indebtedness:

The bonded debt of the County, as of December 31, 1946, amounted to \$25,000.00. A statement of bonded indebtedness showing annual maturities of principal and interest is included in Exhibit Q.

Statistical Tables:

The third section of the report is comprised of statistical tables covering a ten-year period from 1937 to 1946. These are as follows:

I—Balance Sheets

II—Tax Apportionment

III—Receipts and Expenditures

**ACCOUNTS OF COMMISSIONERS AND
TREASURER**

An examination was made of all orders issued by the Commissioners and Clerk of the Superior Court

during the period under review. Supporting invoices and payrolls were likewise examined and the classification of expenditures noted. Proof of the Treasurer's balance as of December 31, 1946, is indicated in Exhibit M-1.

CLERK OF THE SUPERIOR COURT

The financial accounts and records of the Clerk of the Superior Court of Carroll County were examined. Court receipts were checked by source, insofar as possible, and found to be properly recorded. Court orders issued by the Clerk were supported by invoices, vouchers and payrolls bearing the approval of a Superior Court Justice.

COUNTY HOME

The accounts and records of the Superintendent of the County Home were examined. Receipts were checked by source through the triplicate receipt forms. All receipts, as recorded in the cash book, were properly accounted for by the Superintendent through remittances to the County Treasurer.

Classified summaries of receipts and expenditures of the County Home for the years 1945 and 1946 are presented in Exhibits F and N, respectively.

DISEASED CATTLE ACCOUNT

A special fund account which includes the receipts from the sale of diseased cattle and expenditures for the purchase of cattle is maintained by the Superintendent of the Home. As of December 31, 1946, an unexpended balance of \$214.57 remained in this fund. (Exhibit G)

GENERAL COMMENTS

It will be noted that in both years, 1945 and 1946, a considerable overdraft occurred in the appropriation for "Sheriff and Deputies," while a large unexpended

balance was indicated in the "State vs. ——— Pay-rolls" appropriation. This was due to certain changes in the classification of expenditures between these two accounts which were made after the budget had been adopted. In the current budget for the year 1947, the appropriations for these accounts have been made in accordance with the revision in classification of expenditures.

A few minor changes in accounting procedure were discussed with the County officials during the audit. Some of the suggestions and recommendations made were:

(1) Income of the County Farm derived from such sources as plowing, hauling logs and rent of equipment should not be classified under the heading of "Farm produce."

(2) When checks issued in previous years are cancelled, an adjusting entry for the amount of the checks cancelled should be made on the receipts side of the Cash Book. This method is preferable to the current practice of reducing the current year's payments by the amount of previous years' checks cancelled.

(3) County should not pay Federal excise tax on tire purchases.

Conclusion:

The accounts and records of all county officials which were examined were found in good condition and the accounting procedure, with exceptions as noted, conformed to the standard procedure prescribed by this Division.

In conformance with Section 31, Chapter 211, of the Laws of 1939, a copy of this report or a summary of its essential features should be published in the next annual report of the County. This letter of trans-

mittal should be included in its entirety. The publication of exhibits is optional.

The appreciation and thanks of the members of this Division is hereby expressed to the officials of Carroll County for the assistance rendered during the course of the audit.

Yours very truly,

SHERIFF'S REPORT**Year Ending December 31, 1947****To the Commissioners of Carroll County:**

I wish to thank County Solicitor Smart, Clerk of Court Sawyer, Coroner Dube, Deputy Jailer Severance, all my Deputies, Colonel Caswell and all members of the State Police and all other law enforcement agencies of the County for their splendid cooperation and assistance.

The following is a partial list of cases handled by the Sheriff's Department:

Estimated recovered property	\$17,404 00

Many other cases of a minor nature were handled. During the year, a two-way police radio was installed in the Sheriff's car, which has proved its worth many times. Two more radios are now on order to be used quarters, and one being sent to the F. B. I. Headquarters by two Deputies. A finger printing and photographing room was established at the County Jail. Each prisoner was photographed and finger printed; one copy remaining at the jail, one being sent to the Criminal Investigation Department at State Police Headquarters in Washington, D. C.

The total payroll of the Sheriff's Department was \$10,967.71 (exclusive of court attendance). These figures are on record at the Office of the Clerk of Court for public inspection. The Court attendance expense is listed in the Commissioners' Report in detail.

The 1947 Legislature increased the Superior Court attendance rate of pay as follows:

Sheriff	from \$5.00 to \$8.00 per day
Deputy	from \$7.00 to \$8.00 per day

This is a State-wide increase, caused by living costs.

Respectfully submitted,

JOHN N. LEIGHTON,

Com. to Perform Duties of Sheriff.

REPORT OF COUNTY PHYSICIAN

During the year 1947 there were four deaths at the County Home due to infirmities of old age. There were no births at the Home during the year.

Illness was limited to those diseases and conditions found in the aged.

Hospital services were restricted due to the inability of obtaining adequate nursing personnel. This curtailment necessitated hospitalizing some county patients in our general hospitals at some considerable expense. As soon as nurses are more plentiful it would be advantageous to reopen the hospital to its full capacity as this would decrease the patient load of our overcrowded general hospitals and at the same time reduce the per capita cost of taking care of these patients.

Respectfully submitted,

FRANCIS J. C. DUBE, M.D.
